### Online Learning Website for ALEAP Learners

In its aim to continue with the implementation of the Alternative Learning Equivalency and Accreditation Program (ALEAP) despite the pandemic, Mapua University fully operationalized in January 2020 through “Dunong Lingkod” website, the online ALEAP to cater learning sessions of learners. Mapua is an accredited learning center for the Department of Education’s Alternative Learning System (ALS) which caters to the Out-of-School Youths.

The portal contains modules and micro-lecture videos which are being used by the learners to prepare them for the national ALS examination. Auxiliary Learning Resources are part of the website to assist the students in their studies using the link:

This endeavor is in support to UN Sustainable Development Goal #4: Quality Education where four (4) learners for 2020-2021 and four (4) learners for 2021-2022 successfully passed the Junior High School level. The ALS Commencement Exercises was held virtually last September 16, 2022.
